

# FX Services

Buy or sell major foreign currencies using latest rates

The Bank provides foreign exchange services in all major currencies, including Asian and AEC currencies, with cooperation throughout our extensive network of 32 overseas branches covering 15 economies to ensure we can fully support your business needs.

In addition, we provide hedging instruments to protect your business against market fluctuations in order to minimize foreign exchange and interest rate risks efficiently. Our experienced and professional team will keep you informed with news and updates including market reports and analysis through various channels i.e. telephone, email and SMS.
